

Edmonds Waterfront Center

An NCPA Case Study

AIS

Project Overview

The Edmonds Waterfront Center opened in January 2021 to replace the city's aging Senior Center. The Center functions as a place for the community to gather, learn, and celebrate. AIS products were used in the meeting spaces, event center, and office floorplan.

The Edmonds Waterfront Center was a labor of love for the AIS dealer principal, Candy Gaul who is a resident of Edmonds. She provided tremendous support and guidance ensuring a top notch facility for the community.

National Cooperative Purchasing Alliance

Edmonds Waterfront Center

An NCPA Case Study

AIS

Building Overview

This NCPA project for the non-profit Edmonds Waterfront Center is a 26,000 SF LEED certified Gold sustainable building located on the Puget Sound. The center, now a place for all to gather, is fully electric and features rooftop solar panels that generate 60 percent of the building's electricity demand.

About NCPA

The National Cooperative Purchasing Alliance (NCPA) is a leading national government purchasing cooperative working to reduce the cost of goods and services by leveraging the purchasing power of public agencies in all 50 states. NCPA utilizes state of the art procurement resources and solutions that result in cooperative purchasing contracts that ensure all public agencies are receiving products and services of the highest quality at the lowest prices.
