Who is WEX?

At WEX, our mission is to “simplify the business of running a business.” We do this by using our technology and experience to make complicated financial payment and reporting processes easier, faster, and more secure.

Here's how you may know us:

- If you buy a hotel room stay on Expedia or Booking.com, we are behind the scenes facilitating that secure payment.
- If your company leverages a benefits administration system or has an HSA in it's employee benefits package, we're likely behind the scenes.
- And if you have a fuel card for your business, it may be a WEX card or a program managed by us and well-known companies like Chevron or Shell.
- We help people like you and the companies you work for all over the world. WEX operates in more than 20 currencies and 200 countries and territories. We have approximately 6,100 employees.
- WEX is led by Melissa Smith, Chair and CEO of WEX.
